TECHNICAL MANAGER EASTERN EUROPE (m/f/d)

ADDCON is looking for an Eastern Europe-based technical oriented Sales Manager to sell our range of animal feed additives within the Eastern European market.

In order to support the Group's growing feed business unit and the rapid growth in all parts of the world, ADDCON requires a highly motivated and independently working Senior Sales Manager to sell our range of feed additives and feed preservatives as well as build up a strong network within the industry.

Profile

has an excellent network in the monogastric livestock industry.

A minimum working experience of 3 years in the industry is required.

A technical education in animal science, animal nutrition or veterinary science is a pre-requisite for the position.

The candidate, who will be working from an home office in the region, is expected to travel about 60%.

Professional English skills are assumed.

Offer

We offer a competitive salary and a lot of further benefits, such as internal training, strong support, an attractive bonus system and social benefits.

This is a new position within our organization and offers the right candidate a new and exciting career in a global leading chemical group.

If you consider yourself to be the right candidate for this position, please send your application including your salary expectations and your earliest starting date as well as your comprehensive CV by June 25th, 2021 to
